# SmartCare™ IOP/ Day Services

Track attendance, manage medication administration and groups with SmartCare IOP/Day Services.

STREAMLINE HEALTHCARE SOLUTIONS

Streamline builds and maintains systems for some of the nation's premier behavioral health organizations, using the latest web-based technology.

SMARTCARE IOP FUNCTIONALITY

Gives you the power to handle groups, medication administration and attendance.

Functionality includes attendance tracking where clients can be checked in and checked out multiple times a day. In addition, this module provides quick access to the eMAR and other important client documentation.

Groups

- Bill by increments of time (minutes, hours), daily, or weekly
- Charting on a group is just a click away
- Groups can be configured easily, amended, and reduced

Group MAR

- Efficient Group Medication Dispensing
- Single-click Dispensing
- Search by: Shift, Unit, and Program

Attendance

Attendance Dashboard: Includes important information about each client

Take Roll: Capture specific times clients attend throughout the day

Notes: Add daily or weekly notes to document client participation

Roll-up Service Time: Create a single charge
